## Dipartimento di Meccanica Strutturale

in collaboration with
Centro di Simulazione Numerica Avanzata – CeSNA
Istituto Universitario di Studi Superiori

SEMINAR

An introduction to pyFormex and to other activities @ bioMMeda

It will be presented the bioMMeda research group of the IBiTech Institute at Ghent University, Belgium, where engineers are working on different biomedical problems, in close collaboration with physicians.
The attention will be then focus on one particular project, the development of the Free Open Source software pyFormex, and its use in the preprocessing of complex 3D models for finite element simulations.

Prof. Benedict Verhegghe
BioMMeda research group
Institute Biomedical Technology – IBiTech
Ghent University, Belgium

Wednesday February 9, Aula MS1
Ore: 16.00 – 17.30
Dipartimento di Meccanica Strutturale
Via Ferrata,1 – Pavia
